**DISCUSSION ISSUES**

1. How have you been affected by the COVID-19 Pandemic and other related crises? What key aspects of your studies have been affected?
2. How do you think the Pandemic has changed your own, and your colleagues education with respect to study, internship and research?
3. How has your university responded to the crises and students’ needs?
4. What has been your experience so far with virtual and distant learning?
5. What do you think the future of education will be and how do you think your university, country and continent should invest and prepare for a different and rapidly changing world? How do you think universities should offer undergraduate and postgraduate training?
6. In light of your experience during the COVID-19 pandemic, what key actions should be undertaken to improve the student learning and training?
