

## RU 2020 GRG Student's Profile

### **Wilhelminah Juma**

**University:** University of Eldoret, Kenya

**Program:** MSc. in Environmental Economics

**GRG Project:** Greenhouse gas emissions, soil carbon stocks and livestock watering points in agropastoral rangelands of Taita Taveta hills, Kenya (GRESOL)

**Research Focus:** Assessment of the economic valuation of livestock production systems and their effects on greenhouse gas emissions and water quality which play a crucial role in environmental conservation.

**About me:** I enjoy interacting with nature-based resources and discovering new places. I am particularly interested in understanding the economic value of each resource in line with the community as the primary user. My interests are in environmental and natural resources protection by working closely with nature to enhance its maintenance, management, and improvement of its natural state.

**My favourite quote:**

“Human Rights are not things that are put on the table for people to enjoy. These are things you fight for, and then you protect.” - *Wangari Mathai*
