

## **To our Readers, Families and Communities**

The Office of the RUFORUM Executive Secretary and on behalf of RUFORUM Secretariat wishes our readers, families and communities good health and wellbeing. The Coronavirus pandemic (COVID 19) has undermined many activities from which many people derive livelihoods and it has limited access to most of essential services. We continue to pray to God that this situation ends soon. In the meantime, we encourage you all to adhere to the Standard Operation Procedure (SOPs) set up by relevant authorities in managing the pandemic and to follow government rules and regulations to minimize the spread of the pandemic and to protect yourself and others. Once more we wish you all good health and wellbeing.

May God bless you all 🙌😊👍

**Prof Adipala Ekwamu,**
